Fritidshemmet - information for School Year 2023/24

The Fritidshemmet opens again after the summer holidays on Tuesday 1 August and for **preschool class students on Tuesday, August 8.**

The opening hours are 7.30-17.30

Friday 18 August we have Kick Off for the school staff and the Fritidshemmet is closed.

Monday 21 August is the first day of school

- all students are at school between 9am and 2pm. Fritidshemmet is open regular hours.

We do not have inskolning/enrollment for the students, but it is important that you are close by and we suggest that the first days are shorter.

Unfortunately, we cannot accept students who show up who are not registered. This is because they are not insured at school and we have not ordered lunch and snacks either. This applies to all holidays,

If you have any questions do not hesitate to contact us

School Year overview

[School Year overview ht23/vt24](#)

Opening and closing

Opening and closing takes place outdoors.

The fritidshemmet opens at 7.30am and closes at 5.30pm

Traffic

Mornings No traffic is allowed beyond the drop-off zone at any time during the morning. Please use the turning area to drop off your children. ***Parking is not allowed in the turn around area.***

Afternoons In the afternoons, we request that everyone continue to observe the rule about not driving down to the school.

Please be aware that the sign indicates a “walking area” which means that pedestrians have right of way.

Permission is never given for guardians to drive down to school due to that Futuraskolan isn't able to give permission.

Preschool class

Preschool class starts their school day every day at 8.15 a.m. except Thursdays when the school day starts at 9 a.m. We expect that the students are on time.

Every week the class mentor writes a weekly letter with information about what happens and what will happen.

You can take part in your child's schedule and email the mentor on the school platform Schoolsoft.

Pupils who do not go to the after-school center need to be picked up after the snack.

The afternoons continue the educational activities with our fritidshemmet staff who do activities for the children who have an after-school place.

We want drop-off and pick-up to be clear. You must contact an after-school leader upon arrival or pick-up so that the attendance lists are correct and to give your child a chance to get into a routine of always speaking up when they leave school.

The first weeks will focus on get to know each other through different activities

During the day, the children will be outside. It is then important that they have proper and according to the weather suitable clothes. Rubber boots and rain gear should always be available at school. Everything must be labeled with names.

Before Christmas and summer holidays, all clothes must be taken home.

Notification of absence

If your child is absent, you report this via Schoolsoft no later than 7.45 on the same day.

Leave application

Leave applications are only made in case of absence during school days. The application is made via Schoolsoft. Applications for a maximum of 10 days per academic year can be accepted. The teacher/Principal makes an overall assessment to approve or reject the request. We prefer to have our students at school.

School platform - Schoolsoft

Futuraskolan International has schoolsoft as its school platform and all communication between school and home takes place via Schoolsoft. If you have problems with login or similar, contact our school administrator Natasha Moore

Insurances

All students have accident insurance through the Stockholm region Försäkring AB. The insurance applies during school hours, during trips to/from school, during breaks, excursions, study visits and other activities under the auspices of the school.

Planning for holidays

Before each holiday, there will be information about the holiday and what you need to do. It is your obligation as a guardian to follow the call and keep the vulnerable answer the periods. Based on that number of students, personnel and extracurricular activities are planned,

Cell phones

The students need not bring their mobile phone to and leisure activities. If a student needs to call from the school or from fritidshemmet, they are allowed to borrow a phone. If a student brings a mobile phone with him/her, this is done entirely at his/her own risk. The school does not take any responsibility for cell phones that break. In cases where the student brings a mobile phone, it must be kept completely switched off until the end of the day and has left the school area
